Description of Incident: At 04:12, companies were dispatched to a report of a porch fire in the rear of 1064 Union Street, a two-story, single family residence. Engine 5 arrived on scene at 04:14 , confirmed the porch fire and stretched a line to the rear of the home. After knocking down flames exteriorly, Engine 5's crew entered the house through the walkout basement and extinguished heavy fire in said basement. Subsequent arriving companies stretched lines to the first and second floors, extinguishing pockets of fire in the walls. Due to weather and extensive overhaul, a second alarm was struck. The fire was brought under control at 04:50. The resident of the home had been alerted by the home's smoke detectors and had exited the dwelling before fire personnel's arrival. A pet dog and cat perished in the blaze. The house is not habitable. The cause of the incident and damage estimates have yet to be determined.
